### Suburban Modern

{ 1950's }

YOUR FUTURE IS BRIGHT. With clear, cheerful colors the 1950's exhibited a new American outlook. The exuberance showed up on the walls as striking shades like Chartreuse and organic shapes like boomerangs. SUBURBAN MODERN

1950's

IT WAS A WHOLE NEW OUTLOOK ON LIFE. *The war was over, and Americans were ready to settle down and enjoy the simplicity and prosperity victory had brought. Homes became smaller, more alike and more easily produced. And the brighter, sunnier colors they painted them in reflected a newfound optimism. Whether you're nostalgic for the 50s style, or are refurbishing in exact detail, our Preservation Palette® has the colors you need.*
